

Inukshuk 32/32

Inukshuk 32/32 performance dog food provides the "high octane fuel" demanded by racing and working dogs. This innovative formula is nutritionally balanced and highly palatable to encourage eating under stress. Our industry leading 32% fat will provide the energy and calories required for continued success. Top quality herring and chicken meals supply easily digested proteins to build and maintain muscle mass under extreme conditions allowing your dog to perform to the best of their ability. 32/32 is designed for dogs with extreme energy demands and is not intended to be fed to household pets.
